

Nelson Mazda Nashville, Tennessee

Description of Work:

Located in the heart of downtown Nashville, the old, 86,000 square foot Nissan Hippodrome building has been renovated as the new home of Nelson Mazda. Nelson Mazda has been granted a new exterior façade featuring metal panels, EFIS, new storefront glass, and Jewell Box on the upper level for car display.

The dealership is comprised of 13,000 square feet of offices, service area, and showroom on the main level; 11,200 square feet of service parking and wash bays on the upper level; and a 49,200 square foot basement that will house a parts warehouse and car display lot. In addition, the facility has received complete HVAC and electrical upgrades, as well as additional plumbing for added restrooms, and new elevators. A brand new, 48'x30' service center features state of the art service bays and a service drive canopy.
